Comfort for Life

Daikin is a global leader for indoor comfort, with millions of systems installed throughout the world.

Daikin has been improving the comfort of its customers with exceptional products and services for many generations.

To explore all of our solutions for premium indoor Comfort for Life, visit www.daikincomfort.com.

Elevate your expectations and get more out of your home's indoor comfort system performance

As you think about the functionality of your home's indoor comfort system, the Daikin brand is ready to help you achieve control, energy efficiency and long-term peace of mind. Take that attention to quality one step farther by choosing a Daikin brand variable-speed, energy-efficient air conditioner. We have designed and engineered all of our products to provide years of consistent indoor comfort – delivering you and your family premium *Comfort for Life*.

Bold performance

A better understanding of how people inhabit their living spaces has led to products designed to create indoor environments that help use energy resources more effectively. A Daikin brand air conditioner with a variable speed compressor provides efficient and economical cooling performance. Enhance the efficiency of your system year-round by combining your Daikin air conditioner with a Daikin brand high-efficiency gas furnace or air handler. For replacement or new construction, a Daikin air conditioner will provide efficient comfort to your family for years.

Efficient and dependable compressors for worry-free comfort

Daikin's variable speed Inverter compressor technology is currently providing energy efficient indoor comfort with over 30 million units installed worldwide. This proven technology automatically adjusts the performance of the cooling system's compressor to match the demand needed to achieve the temperature you have selected on the thermostat. It is like having cruise control for your home's indoor comfort. Precise adjustments are being made automatically with the goal of providing the most consistent comfort at the lowest possible level of energy consumption. Compare this to a single speed compressor and immediately you'll see the benefits of the Inverter technology compressor. Daikin designs, engineers, and manufactures its own variable speed Inverter compressors. Rest assured that you are getting a proven design – you are getting Daikin Inside.

COMFORT-ENHANCING FEATURES:

- | | | | |
|---|--|---|---|
| <p>1 Daikin Inside variable-speed compressor – provides up to 24.5 SEER cooling performance for lower energy bills compared to lower SEER, single-stage compressors</p> <p>2 Refrigeration-grade premium copper tubing and aluminum fin condenser coil configuration deliver outstanding heat transfer properties with R-410A refrigerant</p> | <p>3 Heavy-gauge galvanized steel enclosure with sound-control top – baked enamel finish protects your system from the elements</p> <p>4 High-efficiency ECM fan motor with advanced fan design moves air quickly and quietly</p> <p>5 High-density compressor sound blanket – acoustically engineered sound isolation</p> | <p>reduces noise levels (compared to units without a sound blanket) for years of quiet comfort</p> <p>6 ComfortNet™ Compatible – improve your home comfort convenience with more control options and communicating thermostats with touchscreen interface</p> <p>7 Daikin Inside Intelligence – sophisticated diagnostics</p> | <p>constantly monitor your AC system pinpointing trouble spots for a fast fix</p> <p>8 Commercial grade quality with factory-installed refrigerant management components – provides high reliability compared to units without these components</p> |

UP TO 24.5 SEER

INSIDE Inside Intelligence

PREMIUM COMFORT FEATURES:

ComfortNet™ communicating system-compatible – Continuously monitors system performance and allows remote control of system as an option.

Daikin Inside variable-speed compressor – Compressor is designed to provide years of reliable cooling comfort. Uses chlorine-free R-410A refrigerant.

High-efficiency ECM condenser fan motor – Provides dependable, quiet airflow across condensing coil.

Efficient cooling capacity – Refrigeration-grade premium 7mm copper with aluminum corrugated fins for efficient heat transfer.

Quiet operation – Acoustically engineered sound control blanket helps to reduce noise levels compared to units without sound blankets.

Daikin Inside Intelligence – Sophisticated diagnostics constantly monitor your air conditioner system pinpointing trouble spots for a fast fix.

Daikin brand air conditioners are designed to maintain indoor comfort and energy-efficient operation.

ADDITIONAL INFORMATION

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

DAIKIN: THE PREMIUM BRAND INDUSTRY LEADER

Daikin Industries, Ltd. (DIL) is a global Fortune 1000 company which celebrated its 90th anniversary in May 2014. The company is recognized as the largest HVAC (Heating, Ventilating, Air Conditioning) manufacturer in the world. DIL is primarily engaged in developing indoor comfort products, systems and refrigeration products for residential, commercial and industrial applications. Its consistent success is derived, in part, from a focus on innovative, energy-efficient and premium quality indoor climate and comfort management solutions.

Expert reviews from our most important critics

Daikin offers a wide selection of choices for energy-efficient indoor comfort. As a worldwide leader in air conditioning and heating technology, Daikin is also a highly-rated brand. See for yourself at www.daikincomfort.com/reviews.
