

**Goodman<sup>®</sup>**

Air Conditioning & Heating

**Working for You**

The Right Choice

**Thank goodness for Goodman<sup>®</sup>.**

## A word from the CEO

Thank you for your interest in the Goodman® brand of heating and cooling systems. As we enter another challenging season in the heating, ventilation and air conditioning (HVAC) industry, I am proud of the successes, strengths and values that our company continues to deliver to our customers and your customers.

Every day we display our pride in our U.S. manufacturing facilities. From day one, the company has focused on a common goal — to produce energy-efficient, high-quality HVAC equipment. We believe that our continued focus on this founding goal has contributed not only to our sales achievements, but also to the success of the dealers selling and installing our products.

Our current product line is supported by a myriad of enhancements, many exclusive to our brands:

- A unique heat exchanger design featured in all gas furnaces
- SmartShift® heat pump defrost technology
- SmartCoil™ 5mm condenser coils
- Factory-installed filter driers
- All-Aluminum evaporator coils
- ComfortNet™ communicating control systems

As you continue to learn more about our company, brand and products, I believe that you will find us to be the most focused, deliberate, and aggressive company in the HVAC marketplace with regard to the manufacture of high-quality products and efficient customer service.

Cordially,

Takeshi Ebisu  
President and CEO

Highest standards, quality products, long-lasting comfort

## Limited warranty protection\*

Every Goodman® brand indoor comfort product is built to our highest standards. The high quality of our product limited warranties\* reflects the high standards of our manufacturing processes. As a heating and cooling contractor, our founder, Harold Goodman, knew firsthand the concerns that homeowners expressed when it came to purchasing and installing a new central indoor comfort system. That's why all Goodman brand products provide outstanding limited warranty\* protection.

Why would you settle for anything less?

Here are some examples of the limited warranty\* protection coverage:

- 10-Year Unit Replacement Limited Warranty\* on selected gas furnace models
  - If the heat exchanger fails in use at the registered, single-family homeowner's residence, within the first decade after installation, a new furnace will be provided at no charge.
- Lifetime Compressor Limited Warranty\* on selected models, good for as long as the purchaser owns his/her home.
  - If the compressor fails while in use at the registered, single-family homeowner's residence, a new compressor will be provided at no charge.
- Lifetime Heat Exchanger Limited Warranty\* on selected gas furnace models, good for as long as the purchaser owns his/her home.
  - If the heat exchanger fails in use at the registered, single-family homeowner's residence, a new heat exchanger will be provided at no charge.
- 10-Year Parts Limited Warranty\*
  - Included on all residential heating and cooling products regardless of SEER or AFUE rating.

\*Complete warranty details available from your local dealer or at [www.goodmanmfg.com](http://www.goodmanmfg.com). To receive the Lifetime Compressor Limited Warranty, Lifetime Heat Exchanger Limited Warranty (in each case, for as long as you own your home), 10-Year Unit Replacement Limited Warranty, and 10-Year Parts Limited Warranty online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

Beyond the standard warranty coverage available, dealers can also purchase a variety of extended service plans directly from their local Goodman brand distributor.

Proudly Assembled in Texas and Tennessee

All Goodman® brand heating and cooling products are assembled in manufacturing facilities located in the USA. We're extremely proud of our employees and their ability to deliver high levels of product quality year after year. It should be no surprise that some of our employees have celebrated multi-decade service anniversaries with the company.

To see our manufacturing operations firsthand, just ask your Goodman brand distributor to tell you about the plant tour program.

Air Conditioning & Heating

Refreshingly affordable energy-efficient air conditioners

---

## Refreshingly affordable energy-efficient air conditioners

Goodman® has central air conditioning systems that are designed to be perfect for any home. Even on the hottest days of the year, homeowners can keep their home cool and comfortable while enjoying low energy costs with a high-efficiency Goodman brand air conditioner.

Don't choose between affordability, durability, and optimum cooling comfort. Install a Goodman brand air conditioner and get all three.

As you review the various Goodman brand air conditioners, remember that higher SEER numbers reflect more energy-efficient systems.

### Quality Features\*

- Up to 18 SEER efficiency
- High-efficiency scroll compressor
- Compressor sound cover
- Sound-reducing control top
- Chlorine free R-410A refrigerant
- Super-efficient condenser motor
- Steel louver coil guard
- ComfortNet™ compatible
- ...and more!

\*Select features not on all models.

Air Conditioning & Heating

Heating and cooling in a single system

---

## Heating and cooling in a single system

Enjoy year-round indoor comfort with a Goodman® brand heat pump. These units provide both cooling and heating comfort from a single system. High-efficiency heat pumps can lower the cost of keeping your customers' homes comfortable all year. Goodman offers a full line of heat pump systems, so you are certain to find the perfect system to fit any budget. For the greatest energy-efficiency savings, select a heat pump system with the highest SEER and HSPF ratings.

### Quality Features\*

- Up to 18 SEER efficiency/9.5 HSPF
- High-efficiency scroll compressor
- SmartShift® defrost control
- ComfortNet™ compatible
- Compressor sound cover
- Liquid line accumulator
- Crankcase heater
- Discharge muffler
- Chlorine-free R-410A refrigerant
- Super efficient condenser motor
- Steel louver coil guard
- ...and more!

\*Select features not on all models.

Air Conditioning & Heating

Ramp up with modulating multi-speed and variable-speed gas furnaces

---

## Ramp up with modulating multi-speed and variable-speed gas furnaces

Goodman® brand gas furnaces can deliver warm, money-saving indoor comfort year after year to your home. Modulating, variable and multi-speed furnaces can provide enhanced indoor comfort by slowly ramping up to your thermostat setting rather than simply turning on at full speed. This alleviates the 'cold air blow' often associated with single-speed furnaces.

### Quality Features\*

- Full line of 80% and 90+% AFUE
- Unique heat exchanger design
- Modulating high-efficiency models
- Variable-speed and multi-speed
- Select models are ComfortNet™ communicating systems compatible
- Silicon nitride igniter
- Super-efficient blower motors
- Self-diagnostic control board
- ...and more!

\*Select features not on all models.

Heating and cooling performance from a single self-contained unit

---

## Packaged Units

Packaged units offer both heating and cooling performance from one product. Packaged heat pumps provide efficient electric heating and cooling to your home or business. Packaged air conditioners efficiently keep you cool in the summer, and gas furnace/air conditioner packaged products add the warmth of cozy gas heat in the winter. Regardless of your specific need, all packaged systems offer the quality and affordability associated with the Goodman brand — and are backed by what we believe to be some of the best limited warranty coverages in the heating and cooling industry\*.

Currently Goodman® offers two series of packaged products including multi-positional and dedicated horizontal.

### Packaged Features

- Architectural gray powder paint finish
- Louvered Condenser coil protection
- Energy efficient compressors
- All-aluminum indoor blower motor

\*Complete warranty details available from your local dealer or at [www.goodmanmfg.com](http://www.goodmanmfg.com).

## ComfortNet™ Communicating Control Systems

ComfortNet thermostats provide a host of comfort and convenience features that can offer a new level of home comfort control, starting with the easy-to-read, full-color LCD display on the ComfortNet thermostat.

The full-color touch screen display allows easy viewing and quick, simple adjustment to your programmed schedules and temperature settings through the user-friendly interface. You have the flexibility of customizing the screen appearance. ComfortNet gives you the convenience of viewing the outdoor temperature from the thermostat and allows you to see a history of any system changes made over time.

Some ComfortNet thermostat models include wireless network connectivity, so you can modify your system settings down the street or from a different time zone using a smart phone or tablet with an

internet connection. The wireless connectivity also allows remote on site connectivity and additional temperature and humidity monitoring options through add-on wireless devices.

ComfortNet products make installation and setup easier than many base, or non-communicating control model products, ensuring your system will be optimized for more efficient operation. The control provides constant monitoring and notification of a system issue letting you know when it's time to change your air filter or when other system maintenance may be needed.

Ask your dealer about ComfortNet — control that is simple, accurate, automatic and very convenient.

Air Conditioning & Heating

## Goodman® — the best HVAC brand you've never heard of

For over three decades, the Goodman® brand has concentrated on something more important than simple brand-recognition consumer advertising. We've focused on the design, engineering, and manufacture of dependable products that have helped millions and millions of homeowners achieve reliable, high-quality, and affordable indoor comfort. In addition, the Goodman brand has earned the loyalty and respect from thousands of local independent heating and cooling professionals across North America.

We believe that your local HVAC (Heating, Ventilation and Air Conditioning) professional knows best about your specific indoor comfort needs and indoor air quality solutions. When they recommend a Goodman brand product, rest assured that you and your family will soon be receiving great indoor comfort, at a refreshingly affordable price.
