

Meet Goodman: The best HVAC brand you've never heard of!

For over three decades, the Goodman® brand has concentrated on something more important than simple brand-recognition consumer advertising. We've focused on the design, engineering, and manufacture of dependable products that have helped millions and millions of homeowners achieve reliable, high-quality, and affordable indoor comfort. In addition, the Goodman brand has earned the loyalty and respect from thousands of local independent heating and cooling professionals across North America.

We believe that your local HVAC (Heating, Ventilation and Air Conditioning) professional knows best about your specific indoor comfort needs and indoor air quality solutions. When they recommend a Goodman brand product, rest assured that you and your family will soon be receiving great indoor comfort, at a refreshingly affordable price.

Independent HVAC contractors have access to a wide variety of heating and air conditioning brands. And they have to stand behind the brand that they recommend 100%, or suffer the consequences of unhappy customers.

Most homeowners have no idea of the brand name of their central heating and cooling system that is installed in their home. It's a purchase many homeowners make just once or twice in their life — typically on a very hot or very cold day. On the other hand, your local HVAC dealer recommends and installs Goodman brand heating and cooling systems every day!

ONCE YOU CHOOSE THE GOODMAN®
BRAND, YOU'LL PROBABLY BE A
FAN FOR LIFE.

Millions of homeowners across
North America are big fans already.
YOU COULD BECOME ONE, TOO!

DSZ16 Heat Pump

★★★★★ 4.6

I purchased this equipment after researching the major brands and speaking to several HVAC installers. The equipment is well built and a great value. Goodman has an excellent warranty program. The installer was professional and his workmanship is of the highest quality. I noticed an immediate difference in the comfort of my home. I am impressed at how quietness of the unit.

GMVM97 Gas Furnace

★★★★★ 4.8

We just had our furnace installed this week and what an outstanding difference. This Goodman modulating furnace is extremely quiet, heats great and with the ComfortNet thermostat installed, is extremely easy to set up and adapt to our needs. 10 Years Parts Warranty will also take care of most of our issues for the foreseeable future. Very happy with our purchase. We will be installing our 16 SEER Goodman AC once the snow goes away.
