RELIABILITY, EFFICIENCY AND AVAILABILITY

**QUALITY YOU CAN DEPEND ON**

# GPH16H

## Franklin® brand Packaged Heat Pump Unit ENERGY-EFFICIENT COMPRESSOR

**COMFORT.  
SAVINGS.  
PERFORMANCE.**

**Keep your family  
in energy-efficient  
comfort for years  
to come.**

The Franklin brand GPH16H Heat Pump provides refreshingly-affordable value to homeowners and small businesses.

Franklin brand Packaged Units deliver quiet, year-round comfort from a single, self-contained unit. These energy-efficient units operate as an air conditioner during warm weather, and in the winter deliver heat pump-generated warmth.

### **Exceptional quality**

You can depend on well-designed, top-quality, thoroughly tested products.

Our production facilities are focused on strict, quality-driven processes. This quality focus ensures a trouble-free installation and long product life.

## **Compact, all-in-one units help save valuable space**

When properly installed, your new Franklin brand GPH16H Packaged Heat Pump offers efficiencies that provide significant savings compared to lower SEER units.

“SEER” stands for Seasonal Energy Efficiency Ratio, which is a measurement of an air conditioner’s cooling energy efficiency developed by the U.S. Department of Energy. It’s a simple formula: the higher the SEER of your unit, the greater its efficiency—and the lower your operating costs.

**Talk to your Franklin brand dealer about opportunities to optimize the efficiency of your new unit.**

---

## **Reliability and long life**

**One of the most critical components of a packaged heat pump is the compressor.**

Our GPH16H Packaged Heat Pump boasts a high-performance, energy-efficient compressor, which operates in tandem with our energy-efficient coil. The coil is made of refrigeration-grade copper tubing and aluminum fins in a design that maximizes surface area. These high-quality components together cool your home effectively.

### Outstanding warranty\* protection

\* Complete warranty details available from your local dealer or at [FranklinHVACSystems.com](http://FranklinHVACSystems.com). To receive the 2-Year Unit Replacement Limited Warranty and 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

### Additional information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

- Multi-speed ECM blower Motor
- All-Aluminum evaporator coil
- Chlorine-free R-410A refrigerant
- Up to 16 SEER/up to 8.0 HSPF
- Energy-efficient compressor
- Quality powder-paint finish resists fading and corrosion
- Fully-insulated blower compartment for quiet operation
- Meets California Low-NOx emissions requirements

# Never heard of the Franklin brand?

We're not surprised.

Many homeowners are not aware of the brand or efficiency level of their heating and cooling system. As long as the system is operating and providing reliable heating and cooling everything is fine. Then one day the system stops working. And that's the same day that homeowners briefly reacquaint themselves with their heating and cooling unit!

You may not have heard about the **Franklin** brand of residential heating and cooling systems because the brand is not a nationally advertised brand. In addition, most homeowners purchase a central heating and cooling system just once or twice in their lifetime. Even though you may not have heard of the **Franklin** brand you can rest assured that all **Franklin** brand products are hard working, and are designed to deliver energy-efficient performance for many, many years.

Your local heating and cooling contractor has access to many brands that they can offer, so when they recommend the **Franklin** brand you should know that they have determined that this brand is the best for you, your family and your home.
