**QUALITY YOU CAN DEPEND ON**

## Franklin® brand Air Handlers

### ENERGY-EFFICIENT

## COMFORT. SAVINGS. PERFORMANCE.

### Indoor humidity

A warm summer day is fine as long as humidity doesn't cause you to break into a sweat when walking from your house to the car. The same applies indoors. You're more comfortable inside your home when the moisture level is lower – just as you are more comfortable outside when it's not as humid.

Franklin systems are designed to improve air comfort by lowering indoor moisture levels.

### Exceptional quality

You can depend on well-designed, top-quality, thoroughly tested products.

Our production facilities are focused on strict, quality-driven processes. This quality focus ensures a trouble-free installation and long product life.

## Are you getting the most out of your home's heating and cooling system?

You've taken care to select reliable, long-lasting heating and cooling equipment for your household.

Take that attention to quality one step further by choosing a Franklin brand air handler for your system. Franklin brand air handlers help ensure that your heating and cooling system will provide your family with reliable, efficient comfort for years to come.

Talk to your Franklin brand dealer about opportunities to optimize the efficiency of your new unit.

## The Coils: A critical component to maximum comfort.

Our Franklin brand evaporator coils are designed to deliver years of efficient cooling.

We use high-quality, long-lasting tubing that withstands the rigors of typical use. The tubing is grooved to ensure optimum heat transfer. All air handlers feature all aluminum coil construction as a standard feature. This durable tubing is mechanically bonded to our aluminum fins. All models use our enhanced ripple-edged design, giving you even heat transfer that's efficient and economical. Then, to ensure consistent comfort, every coil is tested three times to detect leaks.

Model	Capacity	Blower Motor Type	All-Aluminum Evaporator Coil	Factory-Mounted Internal TXV	R-410A Chlorine-Free Refrigerant Compatible
ASPT	1.5 - 5.0-Tons	Multi-Speed	•	•	•

### Outstanding warranty\* protection

\* Complete warranty details available from your local dealer or at [FranklinHVACSystems.com](http://FranklinHVACSystems.com). To receive the 10-Year Parts Limited Warranty, online registration must be completed within 60 days of installation. Online registration is not required in California or Quebec.

### Additional information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

### ASPT, ARUF, AWUT, AWUF, and ACNF Air Handlers

- 1.5- to 5-ton blower capacities
- All-Aluminum coil
- Variable-speed motors
- ASPT and AWUT models feature energy-efficient multi-speed ECM motors
- ARUF models feature efficient PSC (Permanent-Split Capacitor) motors
- Factory-installed filter rack
- Field-installed electric heat from 3-25 kW
- Foil-faced insulation
- Multiple airflow positions
- Smartframe™: ASPT and ARUF models

# Never heard of the Franklin brand?

We're not surprised.

Many homeowners are not aware of the brand or efficiency level of their heating and cooling system. As long as the system is operating and providing reliable heating and cooling everything is fine. Then one day the system stops working. And that's the same day that homeowners briefly reacquire themselves with their heating and cooling unit!

You may not have heard about the **Franklin** brand of residential heating and cooling systems because the brand is not a nationally advertised brand. In addition, most homeowners purchase a central heating and cooling system just once or twice in their lifetime. Even though you may not have heard of the **Franklin** brand you can rest assured that all **Franklin** brand products are hard working, and are designed to deliver energy-efficient performance for many, many years.

Your local heating and cooling contractor has access to many brands that they can offer, so when they recommend the **Franklin** brand you should know that they have determined that this brand is the best for you, your family and your home.
