

Air Conditioning & Heating

PACKAGED UNITS

CURRENT R-410A & NEW R-32 PRODUCTS

GOOD PRODUCTS, BACKED BY QUALITY.

A packaged unit is an "all-in-one system" that can provide both cooling and heating from a single cabinet. The cabinet system can be installed at ground level, in a crawl space or on a rooftop. The single location frees up internal spaces for "usable" square footage when compared to a split HVAC system that needs some dedicated indoor space.

* Complete warranty available from your local dealer or at www.goodmanmfg.com. To receive the 10-Year Parts Limited Warranty (good for as long as you own your home) and/or 99-Year Heat Exchanger Limited Warranty (good for as long as you own your home), online registration must be completed within 60 days of installation. Online registration is not required in California, Florida, or Québec. The duration of warranty coverages in Texas and Florida differs in some cases. Changes in law, regulations, or technology may result in an equivalent unit not being available. Other limitations and exclusions apply, refer to complete warranty details for full list of limitations and exclusions, as well as rights and obligations should an equivalent unit not be available.

[†] This furnace does not comply with the SCAQMD Rule 1111 14 ng/J NOx emission and therefore is not eligible for installation in California's South Coast Air Quality Management District (SCAQMD), Bay Area Air Quality Management District (BAAQMD), and San Joaquin Valley Air Pollution Control District (SJVAPCD). Learn more at www.aqmd.gov, www.baaqmd.gov, and www.valleyair.org.

Additional Information

Before purchasing this appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

WARNINGS:

Always use a licensed installer or contractor to install this product. Do not try to install the product yourself. Improper installation can result in water or refrigerant leakage, electrical shock, fire or explosion.

Use only those parts and accessories supplied or specified by Goodman. Ask a licensed contractor to install those parts and accessories. Use of unauthorized parts and accessories or improper installation of parts and accessories can result in water or refrigerant leakage, electrical shock, fire or explosion.

Read the Product Manuals carefully before using this product. The Product Manuals provide important safety instructions and warnings. Be sure to follow these instructions and warnings.

For any inquiries, contact your local Goodman brand sales office.
