ALZS4N - Cube Style Heat Pump

★★★★★ 5.0

“Great Choice! Had a different brand in mind when getting estimates but since the Amana is now operating it seems that I made the right choice. It is the same size heat-pump as the old one but seems to move the air better and the air seems to be cooler. The thermostat is being used at a couple of degrees warmer. Will see in a few months what the heat does.”

ASXS6 - Amana brand S-series Air Conditioner

★★★★★ 5.0

“Amana side discharge system. These new Amana system is Fantastic, At First I wasn’t quite sure if the difference but the company D&M Mechanical took the time and explained all the benefits vs a Unitary product . Ultimately I’m saving money with my new side discharge inverter system! It’s super quiet and the WiFi thermostat is very convenient!”

– **Rhonda b | Wichita, KS**

ALXS4N - Air Conditioner

“Cool, efficient and unique - Since installing this new unit our it not only quickly cools the house, but does so in a quiet efficient manner. The new internet connected temperature control is not only state of the art, and one of the most advanced devices, but is also informative and allows immediate contact if any service is needed, prior to becoming a major issue.”
